You should use your best judgment to evaluate the syntax and required elements of the submitted SELECT statement.

- The statement includes eventrequest and dateheld columns from EventRequest and EventPlan tables and a column for the count of the event plans.

- The statement includes the keyword "BETWEEN... AND" for the workdate to be in December 2018.

- The statement includes the keyword "HAVING" for the result to include only event requests that have more than one related event plan.

- No obvious syntax errors such as missing commas or misspelled keyword8

10 points  
Excellent: All the requirements are met. (10 points)

9 points +9.5 pts because of a tie  
Good: No syntax errors and only 1 or 2 missed requirements (9 points)

- ☐ 7.5 points  
Average: No syntax errors and 3 to 5 missing requirements. (7.5 points)
- ☐ 5 points  
Below average: No syntax errors but more than 5 errors (5 points)
- ☐ 0 points
